

CONSTRUCTION CAMP TO BE ESTABLISHED IN CACHE

W. H. Watis, manager of the Utah Construction company, says grading camps will be established in Cache valley in the course of a few days for the building of the Rapid Transit extension there. The company is just finishing some construction work for the Rio Grande and it is planned to remove the grading outfit on that job to the work in Cache valley.

Work on the Hermite-Idelwild extension in Ogden canyon has been commenced and will be continued until completed. Mr. Watis says that grading work in the canyon and in the Cache valley will be sufficient to keep a large grading outfit busy during the season. However, no construction work will be done on the Ogden-Logan extension this year.

BEVERLY MUST FACE CHARGE OF FORGERY IN CALIFORNIA

Sheriff T. A. DeVine has received word from the officers of Bakersfield, Cal., that an officer will be on his way to Ogden shortly with requisition papers for Buckley Beverly, alias R. T. Hughes, who is being held here on the charge of issuing worthless checks. It is said that the California authorities have preferred the charge of forgery against Beverly and that he will be prosecuted at Bakersfield.

A letter addressed to Sheriff DeVine gives the information that Beverly stole railroad passes from R. T. Hughes and used them on his way to Utah and that he was guilty of forgery when he signed the name of Hughes to checks. The California officers state further that Beverly has served time in Nevada and California.

It will be recalled that Beverly made himself known in Ogden as R. T. Hughes and that he gained the confidence of members of the local Elks lodge to the extent that they endorsed a couple of checks for him which turned out to be worthless. It is said that he could be prosecuted here for forgery as he signed the name of Hughes to the checks.

G. A. Heman of Salt Lake was given the contract for paving with asphalt Hudson avenue between Twenty-third and Twenty-fourth streets, for \$5,872.51, which was the lowest bid for that work. The paving is to be done within the next 60 days.

The claim of E. J. Halligan in the sum of \$7, for painting the flagstaff was allowed.

The claim of George A. Whitmeyer and Son, for building curb and gut-

"KEEP NICE JOBS IN THE FAMILY," IS SLOGAN OF ENGLISH KING AND QUEEN

Prince Alexander of Teck, his wife and children.

The appointment of Prince Alexander of Teck, the English queen's brother, as governor-general of Canada, is another step toward the consummation of what is believed to be King George's ideal of a ring of royal viceroys. Heedless of advice that statesmen and not princely figureheads are wanted if the British colonies are to be kept loyal, the king seems bent on transferring his uncle, the Duke of Connaught, to India, and on making Prince Arthur first viceroy of a home rule Ireland.

ter No. 110, in the sum of \$2348.48, and that of August Jensen for building sidewalk district No. 122, in the sum of \$2680.27, were allowed.

The claim of the Utah Power & Light company for lighting the city during the month of May, in the sum of \$1473.07, was also allowed.

The complaint that W. S. Read has fenced Grant avenue, between Eleventh and Twelfth streets, was referred to the superintendent of streets.

The petition of property owners for an extension of water mains on Capitol avenue, between Harrison and Polk avenues, was referred to the superintendent of waterworks.

The claim of the Idaho Bridge company for \$400.75 extra cost for the construction of the Weber river bridge at Thirty-third street was not allowed.

Bids for the building of sidewalk districts 124, 127 and 188 were referred to the city engineer for examination.

JOHN W. SHURTLIFF COMES HOME AS A DENTIST

John W. Shurtliff, son of President L. W. Shurtliff, has returned home from Chicago, with his wife and children after spending three years in the Illinois metropolis.

Mr. Shurtliff received his bachelor's degree from the Chicago College of Dental Surgery, an institution connected with the Valparaiso university of Indiana.

In explanation of the reason why he arrived home so soon after finishing his school work, he said that he was too much of a westerner to stay in the east any longer than was necessary.

Mrs. Shurtliff and the three children, the youngest of which was born in Chicago, are visiting at present with Mrs. Shurtliff's mother, Mrs. Carl Anderson, in Salt Lake City.

The newly graduated dentist is to take the state dental examination next week and will probably locate in Ogden.

DENVER & RIO GRANDE
TICKET OFFICE TO
BE MOVED

General Agent Frank Fouts announces that the uptown ticket office of the Denver & Rio Grande railroad building will be moved from the Reed hotel building to new quarters in the David Eccles building on July 1. The room to be occupied will be the one at the west end of the structure, facing Twenty-fourth street, on the ground floor. It will be fitted up in a manner similar to the other places of business on the ground floor of the building.

The D. & R. G. has had its uptown office in the Reed for the past four years and its lease expires on July 1st.

In giving his reasons for making the change, Mr. Fouts stated that he believes Twenty-fourth street to be the coming business street and that the new location of the office will be an excellent one in every respect.

Phil Kohm, the well known D. & R. G. ticket agent, will have charge of that department as heretofore and Mr. Fouts will also have his private office in the new quarters.

TICKETS AND EMPTY
PURSE MAILED
TO RAILROAD

The two tickets and purse "fished" from G. Lavagnina at the Union depot yesterday afternoon while he was getting off an Oregon Short Line train, were recovered this morning. The \$100 which was in the purse when it was taken from its owner, however, is still missing, as are also the parties who took it.

The tickets and purse were mailed to the freight department of the Oregon Short Line in an envelope addressed "O. S. L." and mailed without any postage on it.

Lavagnina continued on his way to the coast last night and the local railroad authorities have wired the stations ahead to be on the lookout for the pickpockets.

GO TO BUTTE

"I hardly think it necessary now that I should go to Montana," he said. "The local union holds its regular meeting tonight and upon the outcome of that largely depends my action."

WM. TRAYNER FACING A MORE SERIOUS CHARGE

It is probable that a new and more serious charge will be brought against William Trayner, who is now in the city jail awaiting sentence on vagrancy. He was arrested last Thursday and tried on Saturday, his case being taken under advisement at that time.

Detectives Pincock and Peterson learned that he had left a satchel of tools in a local saloon and upon investigating, found the tools and also another man who claimed them. The new party was F. B. Lewis, a machinist at the local railroad shops, and he alleged that Trayner had stolen the tools from him.

The satchel of tools was brought to the station and Trayner said that he bought them from another man. The case will be threshed out in court within a day or two.

THE WORLD'S MARKET NEWS

WALL STREET.

New York, June 16.—The market closed heavy. Prices of stocks suffered because of the unwillingness of speculators to buy in view of the uncertain outlook. Pressure lifted for a while in the afternoon but the downward movement was in progress again at the close.

CHICAGO GRAIN

Chicago, June 16.—Notwithstanding rains today extended into the harvest district southwest threatening damage and delay to the winter crop, wheat prices made only a slight advance and that not of a lasting sort. Buying proved of too limited amount to uphold prices. The opening, which ranged from a shade off to 1-4c gain, was followed by a little hardening and then by a sag under last night's level.

Corn weakened on account of better weather reports from Argentine. Trade was light. After varying from 1-8c lower to a like advance, the mar-

ket for the most part showed a moderate setback.

Oats held relatively steady. Unpromising crop reports were responsible.

Lack of demand caused a decline in provisions. Pork especially seemed without friends.

Heavy offerings from the country and the arrival here of the first crop of new wheat more than offset a big decrease in the world's available supply total. The close was weak 3-8@1-2 to 3-4@7-8c net lower.

Afterward, the corn market tended to rally, helped by predictions that the receipts for some time would be meagre. The close was steady at 1-8@1-4 to 1-4c net decline.

Sheep—Receipts 3500; market stronger. Wethers, \$5.75@6.25; ewes \$5.50@6.00; lambs, \$8.00@8.75.
